

Skole pak mekaar op gholfbaan

Die Ryderbeker kom na Middelburg!
Nou goed, nou nie Amerika teen Europa
nie, maar HTS Middelburg teen Hoërskool

Middelburg.
Dit gaan nie somer so hierjy toernooi
wees, wat saamval met die jaarlikse derby

nie, maar eksklusief
tussen die twee
skole se oudleer-
linge, wat net op
uitnodiging kan
deelneem.

In die groen hoek
is Tommy Strydom
as kaptein, terwyl die
Rooies se kaptein,
Jacques du Plessis,
is.

Daar gaan 36
spelers per span
gekies word.

Die oggend van
12 Mei is daar 18
vierballe wat teen
mekaar meeding
in 'n American
Scramble formaat
en die middag 18
enkelspel wedstryde.

Gaan durf dié Buffel aan

Atlete en fietsryers sal moet spring as
hulle nog wil inskryf vir die veldwedloop en
bergfietswedren (TR/MTB) Saterdag in die
pragtige natuurskoon by Buffalo Gorge.

Ryk Diepraam sê om aan die veldwedlope
deel te neem, het talle voordele.

Buiten die vars lug, kry atlete die voordele
om hul balans, been en enkelstruktuur te
versterk, daar is minder impak op hul bene
en natuurlik is daar geen gevaar van verkeer
nie.

Boonop verdien Discovery Vitality lede

punte as hulle deelneem.

Inskrywingsgelde vir beide die
veldwedloop en bergfietsafdelings wissel
van R50 tot R125, afhangend van watter
roete aangepak word. Skoolgaande
deelnemers betaal R50, ongeag waaraan
hulle deelneem.

Lede van marathonklubs mag ook
deelneem, maar nie in hulle klubklere nie.

• Vir meer inligting bel of WhatsApp Ryk
by 083 528 9586 of stuur 'n e-pos na Info@
buffalogorge.co.za.

Jong Rooies wen Hansieweek

HTS Middelburg se o/14 rugbyspan het
die Mauritz Hansen Rugbyweek gewen, wat
elke jaar by die Hoërskool Hans Strijdom
aangebied word.

Hulle klop Ellisras met 24-0, Frikkie
Meyer 5-0 en Ben Vorster 14-5.

Die eerstes se uitslae is:

14-15 teen Frikkie Meyer.

14-11 teen Ben Vorster.

22-9 teen Trio (Kroonstad skole).

Tweedes:

0-31 teen Affies derdes.

17-7 teen Rustenburg.

22-0 teen Frikkie Meyer.

Die o/14 en o/16 spanne toer na
Maritzburg College vir die Skonk Nicholson
rugbyfees.

Steve Tshwete
Local Municipality

BASF
We create chemistry

Public notice for cotton event: GL x LL Permit Application

BASF South Africa Pty Ltd, on behalf of BASF Agricultural Solutions Seed US LLC, has submitted an application to the Registrar: Genetically Modified Organisms Act for the intentional introduction of a genetically modified organism into the environment of South Africa. This application is for continued field trial studies initiated in 2015.

The genetically modified organism under study is the cotton species *Gossypium hirsutum* (Upland cotton), derived from the conventional cross of two transformation events: GHB614 and LL Cotton25. Event GHB614, named "GL x LL", introduced a single copy of the *2mepsps* gene from *Zea mays*. Event LL Cotton25 introduced a single copy of the bar gene from *Streptomyces hygroscopicus*.

The *2mepsps* and bar genes provide tolerance to herbicides with the glyphosate and glufosinate ammonium active ingredients, respectively. The *2mepsps* gene has been used as a selectable marker in the development of the combined cotton.

The objective of this study is to conduct environmental assessments of GL x LL in the South African cotton producing environment. This application excludes the commercialisation and/or production of food or feed for consumption.

The current application is for multi-locational field trials on farmlands in the Gauteng, Limpopo, and Mpumalanga provinces in the districts of Pretoria, Loskop and Whiteriver, respectively. The sites have been used for the production of irrigated summer and winter crops for decades. Each site will not exceed 1 hectare where a minimum isolation distance of 300 m from other cotton varieties will be maintained.

On completion of the trial, all cotton plants, including the seeds will be destroyed at the trial site by slashing. The trial site will either be left fallow or planted with a different crop. The field will be monitored for the emergence of volunteer cotton for at least 12 months.

In accordance with Regulation 6 of the Genetically Modified Organisms Act (Act No. 15 of 1997), the public is hereby invited to submit comments with regard to this application to the Registrar at the following address:

Registrar: Genetically Modified Organisms Act
Private Bag X973
Pretoria, 0001
Fax 012 319 6329

All comments should be provided to The Registrar within 30 days of this notification.

BASF South Africa (Pty) Ltd., P.O. Box 2801, Halfway House 1685, South Africa.
