

Malan attains highest T20 batting rating

Star left stranded on 99 as England seal win over SA

England’s Dawid Malan has notched up the highest-ever rating for a batsman in the men’s Twenty20 International rankings after topping the scoring charts against South Africa, the International Cricket Council said.

The 33-year-old has reached 915 points, the first player to cross the 900-point mark in the format. Australia’s Aaron Finch posted exactly 900 points in July 2018.

Malan’s terrific run with the bat saw him top the series aggregate with 173 runs as England completed a 3-0 series sweep against South Africa.

His match-winning unbeaten 99 in the final match on Tuesday helped England leapfrog Australia to take the top spot in the men’s T20I team rankings.

Former England captain Nasser Hussain praised Malan for his versatile style and consistency.

“On difficult pitches he grinds out a score while when you need to up the run rate and you can’t be using up deliveries on dot balls in the powerplay he doesn’t - he just goes out and smashes it,” Hussain told Sky Sports.

“He never overhits. It’s classy batting - it is not power, it is just timing. At times he makes it look effortless.”

Malan holds a 44-point advantage in the rankings over Pakistan’s Babar Azam, whom he overtook in September.

Malan scored an unbeaten 99 as England impressively chased down an imposing target to beat South Africa by nine wickets at Newlands on Tuesday and complete a clean sweep of their three-match Twenty20 series.

South Africa had elected to bat after winning the toss and, after a spluttering start, reached 191 for three wickets.

But a swashbuckling, record-breaking reply by Malan and Jos Buttler helped England to their target with 14 balls to spare. The tourists made 192-1 with Malan one shy of his century and Buttler 67 not out in a T20 international record 167-run second-wicket partnership, which came off 90 balls.

“It’s exceedingly pleasing to win a game in such conditions as it builds confidence in the changing room,” said England captain Eoin Morgan. - Reuters

Netball champs to kick off in Limpopo

Teams report to holiday resort, conclude Covid tests

By Charles Baloyi

The cream of the crop in SA netball will gather at Bela-Bela, Limpopo, to take part in the Spar Netball Championship starting on Saturday.

Netball SA president Cecilia Molokwane said the tournament would be played in a bio-bubble. The teams that will participate in the tournament reported to the holiday resort yesterday and conducted Covid-19 tests.

Twenty-nine senior teams will compete for the right to be crowned the best netball region in the country, while 24 teams will compete in the under-21 section.

Tshwane won both the A and B divisions at UJ in the last tournament, and all eyes will be on them to see if they can successfully defend their crown.

Former Proteas star Zanele Mdodana, who was part of the national selectors for the senior national team last year, will

continue in the same role. SA will host the International Netball Federation World Cup in Cape Town in 2023.

Molokwane said the door for the players to make the World Cup is not closed to anyone. “You could be playing in the national champs today and in three years find yourself playing in the World Cup.

I cannot imagine a year without the national champs, and it will finally happen in Limpopo. The Proteas selectors will be there, and it is up to the players to raise their hands and showcase their talents,” said Molokwane.

Molokwane and her team successfully hosted the Telkom Netball League in a bio-bubble in Bloemfontein last month. She said they would adopt the same measure that brought them success in the Free State.

“No player will be allowed to leave the bubble. They will go to the court and straight to the hotel after the game.

“We are facing a new normal, and there will be no supporters allowed. But the netball lovers can catch the action on TV,” she said.
